

# Automated Fuel Tax Reporting

Omnitracs XRS provides automatic state-by-state mileage tracking and online fuel purchase entry, import, and tracking to automate the fuel tax reporting (IFTA & IRP) process.

The International Fuel Tax Agreement (IFTA) is an agreement between the lower 48 states to share tax revenue collected at fuel purchase across the states where vehicles travel. It's a major administrative burden for fleets to accurately collect all miles driven across state lines, leading to administrative personal manually transcribing trip driver trip reports (and driver handwriting, often collected while the vehicle is in motion), then sending in forms to the proper state authorities.

## Features

- State-by-state mileage tracking/jurisdiction reporting.
- Users import or manually enter fuel purchases. Imports are available for major fuel card vendors.
- Automatic reconciliation of fuel receipts with miles logged for that vehicle on that date in that jurisdiction.
- Automatic reconciliation of toll-roads.
- Manual entry of mileage information to enable non XRS units.
- GPS data available for use by 3rd party IFTA services.
- Print, Sign, Send capabilities to fully automate IFTA process.
  - IFTA tax rates are updated on a quarterly basis.
  - Users receive automated filing reminder alerts.

## Benefits

- Reduction in administrative burden collecting state millage crossing – often 1 to 2 full time personal.
- Reduction in form submission to each jurisdiction through automated reporting.
- Patented state-line cross method that allows for the most accurate mileage tracking by state, reducing audit risk.
- Minimal audit exposure.
- Ability to collect and import fuel data easily.
- All records are stored electronically for 6 years, eliminating the need for paper based records and storage.
- Print, Sign, Send, official state report filing compared to only jurisdiction reporting.
- Odometer based state line crossing compared to GPS only leads to more accurate tracking, reducing audit risk
- Mobile capture of fuel data

# Getting More from Your Technology Investment

The Omnitracs Alliance Program facilitates integration of Omnitracs solutions with other leading companies that provide complementary technologies and services. This program taps into the power of integration in order to best meet the needs of our shared customers.

We offer Omnitracs Professional Services to all sizes of fleets to help you utilize our applications and our partners' applications in the most efficient way. Our assessment, integration, custom development and programming, training, business intelligence, and predictive modeling services deliver practical solutions. This critical information increases your productivity and efficiency, so you can both grow and differentiate your business.

The Omnitracs Services Portal provides access to a suite of web-based fleet management applications, including satellite mapping. Data from the Services Portal can be integrated into your existing enterprise systems.

## About Omnitracs, LLC

Omnitracs is the global pioneer of innovative and comprehensive fleet management solutions transforming the transportation industry through technology and insight. Omnitracs' more than twenty five years of leadership and experience uniquely positions it to serve the industry's needs for seamlessly integrated compliance, safety, productivity, route planning and delivery, analytics, and transportation management system solutions. Omnitracs' more than 1000 employees deliver software-as-a-service based solutions that help more than 40,000 private and for-hire fleet customers manage over 1,500,000 mobile assets in more than 70 countries. Omnitracs' portfolio encompasses Omnitracs Latin America and the solutions formerly known as Roadnet Technologies, XRS Corp, Sylectus, and Omnitracs Analytics. Omnitracs is a member of the Vista Equity Partners group of companies.

Learn how you can use our applications, platforms, and services to reduce costs, increase profitability, and stay competitive. Visit [www.omnitracs.com](http://www.omnitracs.com) and let us show you how you can save time and money.
